R. C. TECHNICAL INSTITUTE, AHMEDABAD
(Directorate of Technical Education, Gujarat State)

SAMVAAD

Yearly Newsletter

From The Desk of Principal

It is a matter of proud for me to express my thoughts as a

Principal of this institute. R. C. Technical Institute, Ahmedabad is one of the premiere institutes of diploma studies in the state, run by the Government of Gujarat. The institute was established in the year 1910, thus bears the status of one of the eldest technical institute in the state.

To provide quality education in the field of engineering and technology, this institute is enriched with faculties expert in their respective area of specializations. The institute has all the necessary infrastructures, including well equipped laboratories, library, seminar halls, students' amenity hall, boys' and girls' hostels etc. In order to provide field exposure to the students, we organize several field visits during their studies. Experts from the industries are also invited in the institute to interact with the students. Regarding career development, we have excellent record of campus interview for recruitment of pass outs in reputed companies like Larsen & Toubro, Torrent Power, Raymond, Digjam etc.

In addition to provide excellent theoretical and practical teaching, students are exposed to technical projects and technical competitive events. Students are also encouraged to develop extracurricular skills in the areas of literature, yoga, environment conservation etc. Overall, the institute is dedicated to provide education that will be useful to the students for whole life.

-Dr. B B Soneji

Institute Profile

R. C. Technical Institute was established at Saraspur, Ahmedabad in 1910 by Rao Bahadur Ranchhodlal Chhotalal (The First Nagarpati and pioneer of textile industry in India). Later on, this institute was handed over to the then State Government of Bombay in 1930 in order to impart and strengthen technical education in the country.

Initially as per the requirement, certificate courses of Mechanical, Electrical, Textile Spinning, Textile Weaving, and Textile Processing were introduced, but afterwards these certificate courses were converted into Diploma Programmes in Textile Manufacturing and Textile Processing in 1947. Considering requirement of additional space, a large and green campus was established at Sola,

Ahmedabad. The new campus was made operational since June 1997. The New campus is situated on S G Highway, in front of New High Court which is covering 19 Acres of lush green pollution free land area. Total built up area is 15224 Sq.M which includes well-developed Class rooms, Laboratories, Library, Workshops, Learning Resource Utilization Center (LRUC), Students' Amenity Centre, Boys & Girls Hostel with mess facility, Staff Quarters, etc. We have amenities like Sports ground, Indoor games, Girls' Room, Canteen, boy's hostel etc. Latest equipped laboratories, well qualified human resources, 17000 plus books in library, 300 plus computer systems with 15 Mbps internet facilities including wifi system for students are some of the key strength of the institute.

About The Institute Logo

॥ तमसो मा ज्योतिर्गमय ॥

The Sanskrit phrase, "Tamaso Ma Jyotirgamaya" is institute motto line. It means, "Lead us from darkness to light".

The outer toothed wheel represents engineering.

The nine stars represent nine universal substances: Earth, Water, Air, Fire, Akasha, Time, Space, Soul and Mind. These elements control the human life.

1910 is the year of establishment of this historical institute.

The book is a symbol of knowledge and the text in the book indicates full name of the institute, i.e. Ranchhodlal Chhotalal Technical Institute.

The flame (Jyot) coming out of the book indicates that education spreads light of knowledge in our life.

Institutional Events

Republic Day Celebration

Republic day is celebrated every year on 26th of January since 1950 to mark the enforcement of Constitution of India. RCTI also celebrates this day every year. National Anthem was recited. Principal Dr. B.B. Soneji hoisted the

National flag and gave a motivational speech to students and staff. NCC cadets performed a disciplined and attention catching parade. Around 250 students and staff attended the celebrations.

Blood Donation Camp

Social service is a healthy sign of a generous society. An educational institute must promote such values. Blood donation is one of the best forms of social service. Every year RCTI

organizes a blood donation camp. This year it was organized on 12/2/2016. Around 70 students and staff donated blood. NCC/NSS students volunteered for arranging this activity.

Aavishkaar-2016 (Techfest)

Institute Level Events

A Technical event named "Aavishkaar-2016" was held at the institute on 5th March 2016. More than 700 students participated in 18

departmental events/competition and 3 institute level events including "Robotics". Below is the glimpse of the events:

Robo race was the main highlight of Aavishkar-2016. It was organized by Mechanical and Electrical Engineering departments. 16 teams participated in the event. The track was designed and constructed by Mechanical Engineering department with reusable materials.

Quiz competition was based on General Knowledge. It was a five round affair, ppt based, having multiple choice questions. 8 teams (one from each department) consisting of 4 members participated in the quiz competition. The team of Electrical department won the competition.

Departmental Events

Mechanical Department

- Model Making competition
- Poster Presentation
- AutoCAD 3d solid modeling

Civil Department

- Poster Making competition
- Technical Quiz Competition
- Bridge It
- Model Making Competition

Computer Department

- Error 404
- TeQuiz
- Where's My Clue

IT Department

- Code Debugging
- Treasure Hunt

DTMT Department

- Technical Quiz Competition
- Model Making Competition

Electrical Department

- Technical Quiz
- Poster Making Competition

Textile Processing Department

- Technical Paper Presentation
- Technical Quiz

Printing Technology Department

- Technical Quiz Competition

Photo Glimpses of The Event

Guest Lecture on Cleanliness

On April 13, 2016, a very introspective and motivational lecture was delivered by Mr. Amitbhai Trivedi, a cleanliness motivator and an author. More than 150 Students and Faculty Members got inspired and took the oath to make the India Clean.

Motivational Lecture by Dr. Sudarshan Iyengar

On September, 30, 2016, very soul-searching and motivational lecture on "Gandhian Thought" was delivered by, Dr. Sudarshan Iyengar, who is ardent Gandhian follower and ex. Vice Chancellor of Gujarat Vidyapeeth,

Ahmedabad.

Dr. Iyengar gave a talk on "Mohan" in a very lucid manner. The students were greatly inspired by the story of childhood of Mahatma Gandhi.

World Yoga Day Celebration

Yoga is a practice to unite mind and the body, which in a long run helps building healthy life. All the staff members of the institute took participation very enthusiastically and did various Yogasans for an hour. Mr. V M Patel,

Lecturer of Civil Engineering guided all in performing yoga. The yoga practice event was held in lush green AUDA garden besides the institute.

A Workshop on Origami Art and Craft

Along with technical education, our institute is always thinking of overall development of the students. In view of this, a one day Origami (Japanese art of paper craft) workshop was

conducted for the girl students and lady faculties on August 6, 2016. The whole workshop was guided by the art and craft expert Ms. Vaibhavi Thacker Kodrani.

Tree Plantation Drive

RCTI is rich in Greenery but still the Team RCTI is keen to grow more trees and to develop safe

nature for mankind.

Cashless India Campaign

An awareness program was organized for using App SBI buddy by SBI officers Shubha Bhabhaliya, chief manager, channel management and Nisha Kohli, branch manager, SBI high court branch.

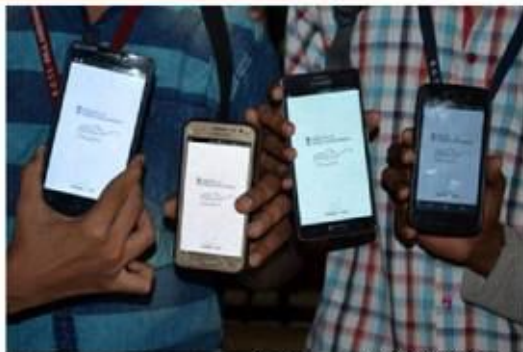

Independence Day Celebration

Every year Independence day is celebrated at the institute with pomp and gaiety. This year was no exception. Like in Republic day celebrations, flag hoisting was done by Principal Dr. B.B. Soneji. A disciplined parade was carried out by NCC cadets. More than 250 students and staff participated in the celebrations and all sung the National Anthem in unison, which indeed was a very pleasing and heart touching moment.

Swachh Bharat Abhiyan

A programme was organized on 17/9/2016 to launch Swachhata App and to create awareness in students about it. Dr. Tejas Shah, Health

Officer, AMC demonstrated the use of the App. Also posters and dustbins were put at different places for maintaining cleanliness.

Training and Placement Cell

R.C. Technical Institute is very well known for its quality education in the industry and society. Hence, the technical industry very actively vies for this institute for its manpower requirements. It is evident from the fact that 73 different companies co-ordinated with the institute for campus recruitments. This included prestigious companies like Torrent Power, Arvind mills, Ashima mills, CTM Mills, L&T group, Wipro, Suzuki Motors, Hiley, RVNL, Linde, etc. A total of 212 students from all branches were recruited by these companies.

Major departmentwise selections included 72, 58 and 28 from Mechanical Engg., Electrical Engg., and D.T.M.T. respectively. Besides tying up with the industry for campus interviews, the Training and Placement Cell of the institute is also actively arranged training

programmes for students throughout the year. Total 30 Seminars and workshops were organized. These includes seminars on 'Overseas Employment and Career Information', 'Pradhanmantri Skill Development Yojana', '3D Printing', 'Renewable and Energy Conservation Awareness Program'. Entrepreneurship is also very important for the society. Not all students can be placed in companies. So it is significant to orient the present generation particularly the young and budding students towards this discipline. Keeping this in mind, three day certificate Entrepreneurship Awareness Campaigns with the help of Entrepreneurship Development Institute, Ahmedabad were organized twice in the institute (16/8/2016, 19/8/2016 to 20/8/2016; 13/10/2016 to 15/10/2016) wherein a total of 155 students participated.

NCC

National Cadet Corps aims at developing character, comradeship, discipline, a secular outlook, the spirit of adventure and ideals of selfless service amongst young citizens. Not all educational institutes get the opportunity to get enrolled for NCC. RCTI is one of the fortunate institutions not just in Ahmedabad but whole of Gujarat for having a centre of NCC. Shri R.D. Joshi, Lecturer in DTPT and I/c HOD is the

institutional NCC Co-ordinator. During the year various Training Camps are organized at different places under the aegis of NCC, out of which a total of 43 students and staff participated in Eight Combined Annual Training camps, Two All India Trekking Camps, One National Integration Camp. Thus NCC related activity at the institute was buzzing all round the year.

NSS

National Service Scheme (NSS) was launched in Mahatma Gandhiji's birth centenary year 1969 with primary focus on development of personality of students through community service. RCTI is also a part of this program. Under the aegis of NSS, National Integration camps, Blood donation camps, Plantation, Shramdaan, Immunisation programmes are organized for community services. Following

activities are done by the institute under NSS.

- Tribute to Freedom Fighters: Special activities like "Shahid Din" and "Yad Karo Qurbani" were organized to remember the Real Heros of India.
- Sainik Welfare Fund: RCTI contributed more than 11 thousands to contribute for the Sainik Welfare Fund.
- NSS team is also actively involved in activities like Clean India, Cashless Transaction etc.

Departmental Activities

Civil Engineering Department

• Department of Civil Engineering organised MODEL MAKING EVENT on 17th and 18th of September, 2016 at R. C. T.I. An expert in this subject, Mr. Babubhai Suthar was invited as a Guest Faculty who taught students to make the building models using Thermocol sheets. The event was co-ordinated successfully by Mr. M. L. Patel (LCE). In this event 14 students participated with enthusiasm to make this event successful.

Computer Engineering Department

- An Expert Lecture on 'Android' was organized with the help of TOPS Technologies on 22/1/2016 in which 45 students participated.
- A seminar on 'Cloud Computing, IoT, Big Data, Hadoop, ASP.net' was arranged on 30/6/2016 with the help of an Expert from M/s Electroweb. A total of 32 students benefitted from the seminar.
- An Expert lecture on 'Networking and 'Cyber Security' was held on 16/09/2016, wherein an expert faculty from Institute of Advance Network Technology briefed a total of 52 students.
- A seminar on 'Advance Java' was arranged on 02/10/2016. An Expert faculty from M/s Acute Informatics delivered the talk to 53 students.

Electrical Department

• A Seminar on 'Awareness to Solar Technology' was arranged on 3/10/2016 wherein Shri Manojkumar Pundir, Aspire Disruptive Skill Foundation briefed a total of 52 students.

Mechanical Department

• A series of expert lectures were arranged by the department from 25/1/2016 to 28/1/2016 on topics ranging from CAD/CAM, Catia, CNC Programming, Cutting tools, etc. The main expert faculty was Mr. Shikhaphym. Total 264 students

benefitted from these seminars.

- The seminars on 'Design and Engineering Solution' and on 'Product design and development stages' were organized on 20/2/2016 and 9/9/2016. An expert faculty from M/s Octtans Ltd. delivered the seminar which attracted a massive no of 229 students.
- An Expert lecture on 'Computer aided Manufacturing' was organized on 3/11/2016, and 95 students attended the lecture.

Textile Processing Department

- An expert lecture was organized by the department titled 'Classroom to Corporate World' on 9/8/2016 in which an expert faculty Shri Sanjay Harane, Sr. Vice President (Operations) Nagrika Exports Ltd. Kolhapur delivered the lecture. A total of 27 students actively participated in the seminar.
- An expert lecture on 'Coloration of Cellulosic and Reactive Dyes' was held on 3/11/2016, wherein an expert faculty named Ms. Anshu Chauhan from Colorant Limited, Ahmedabad briefed a total of 29 students.
- A seminar on 'Opportunities in Denim Fabric Sector' was arranged on 26/4/2016. Mr. Bipin Patel and Mr Krishna Pandey from Arrow Clothing Pvt Ltd delivered the talk to 25 students.

Information Technology

• Seminars on PHP Frameworks and on Web-Design using HTML, CSS and Java Script were arranged on 1/2/2016 and 2/2/2016, 6/2/2016 respectively. An Expert faculty from TOPS Technologies delivered the talk to 165 students in total.

Printing Technology

• "Printpack SignDigital Ahmedabad - 2016" Exhibition offered stall to R. C. Technical Institute. Students of Printing Department represented institute in National Level Exhibition.

CDTP Scheme

Beti Bachao Beti Padhao

Certificate Distribution

Hand Embroidery

Tailoring

Community Development Through Polytechnics is a National Level Program sponsored by Central Government wherein, the Government Polytechnics are mandated to run employable skill enhancing programs for youth of the surrounding community. Shri K.S. Parmar, Lecturer Mechanical Engineering and Co-ordinator, CDTP under the able guidance of

Principal, Dr. B.B. Soneji conducted following 17 programs under the aegis of CDTP wherein 275 students in total were trained during the financial year 2016-17. Further two awareness programs were also help wherein 100 enthusiastic participants tookpart.

Industrial Visits

Programme	No. of Visit	Factory Name and Address	Date
Mechanical Engineering	2	1. CIPET, Vatva, Ahmedabad 2. Vraj Gear, Nr. Torrent, Rakhiyal, Ahmedabad	14-03-2016 02-09-2017

Staff Quality Improvement and Research

- Shri A.V. Vora, Lecturer in Civil Engineering published a paper titled "Intelligent Transportation System: A need of Developing Country" (Issue-12, Volume-1, Dec-15).
- Shri B.M. Parmar, Lecturer in Civil Engineering published a paper titled "Assessment of Ground water Quality and Water Table Fluctuation after construction of Check dam at Salaya village in Gujarat" in International Journal for Scientific Research and Development (Issue-3, Volume-4, May-16).
- Shri B.M. Parmar also completed his M.E. in Water Resource Management from GTU in July-2016.
- Ms. Jigna Acharya, Lecturer in Computer Engineering presented two papers in two different conferences namely National Conference on

Innovative and Emerging Technologies; International Conference on Communication and Electronic Systems held on 2nd June-16 and 22nd October-16 respectively.

- Ms. Jigna Acharya also completed her M.E. in Computer Engineering in July-2016.
- Mrs. M.P. Mehta presented a paper in International Conference on Communication and Electronic Systems held on 22nd October-16.
- Shri H.H. Prajapati, Lecturer in Mechanical Engineering presented a paper titled 'Inverse Kinematics of IGM welding robot by Elimination approach' in May-16 edition of online journal named International Journal of Mechanical and Futuristic Technology.

Students' Achievements

- Mann H. Shah, final year student of Mechanical Engineering department, is playing in State level Football tournaments representing his Team Gandhinagar. Recently, he was selected by Sports authority of India for National Level Football camp. Institute also feels proud on this achievement of its student.
- Rushikesh Dudhiya student of Computer Engineering won Guinness World Records and Limca Book of Records for The Largest Hand Drum Ensemble consisted of 315 people.

Rushikesh Dudhiya
Computer Engineering

Hobby Clubs

In order to provide knowledge and nurture the students in the areas other than technical, we

1. Photography club
2. Painting Club

have formed some hobby clubs, like

3. SPARK- The Literature club
4. TREE- The Nature club

World Book Day

Book is the best friend of the students. On April 23, 2016, world book day was celebrated by the Literature Club of the institute. Many books on different subjects including some unique books

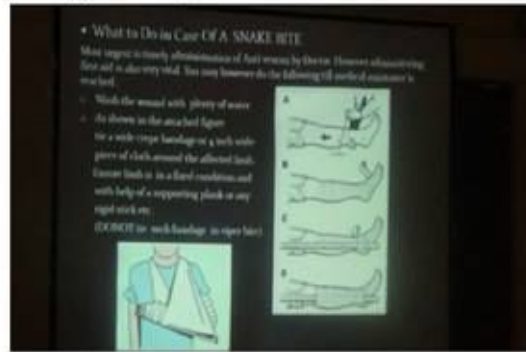

were displayed for the students & faculties. The faculties and students visited the book exhibition with great interest.

The Nature Club - Seminar :

Nature lovers exist everywhere. RCTI is no exception. We have our own share of nature lovers among students and staff. Also, there exists diversity among them too. Respecting this diversity and at the same time to channelize this affection for mother nature in a fruitful manner, R.C. Technical institute has formed a hobby club, The TREE (Trekking, Restoring, and Exploring Environment). Shri J.B. Patel, Lecturer in

Mechanical Engineering and Ku. Hina Dabhi, Lecturer in Maths are coordinator and co-coordinator respectively of this club. Around 100 students are enrolled with this club. TREE-The NATURE CLUB of R.C.T.I had organised a Talk on 'Reptiles & its Conservation' on 26th April-2016 by inviting an expert Mr. Jigar Upadhyay (Researcher) to make students aware about various types of reptiles and their characteristics.

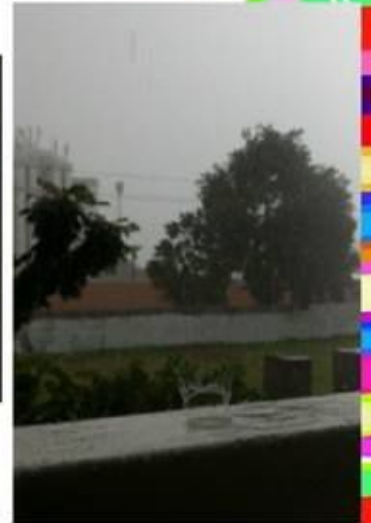

Photography Competition

Winner 1 : Rugved Achary

Winner 2 : Asit Patel

Winner 3 : Jatin Salunkhe

A photography competition was organized by the Photography Club in the month of August 2016. The theme of the

competition was "Monsoon Moments". Many students took part in the competition and sent some of their beautiful photographs.

Institute Toppers

Sr. No.	Name of Candidate	CPI	Programme
1	Trivedi Dhruv A.	9.73	Civil Engineering
2	Maurya Vikram S.	9.71	Computer Engineering
3	Patel Kapilkumar P.	9.46	Electrical Engineering

6	Sharma Sahdev	9.08	Printing Technology
7	Ratadiya Rameshkumar J.	8.69	Textile Mfg. Technology
8	Chavda Tarunbhai B.	8.34	Textile Processing Tech.

Literature Point of View

એક ભાગલ...
ગાંધી થવાનું સહેલું નથી...

હો એ જ ક્યું સહેલું નથી ભઈ.
હે ગાંધી થવાનું સહેલું નથી ભઈ.

હો કોટનો વટ છતાં પોતરીમાં,
બધો ઘસવાનું સહેલું નથી ભઈ.

તમંચા ને અંગૂંજ સામે અહિસા,
ઘડી સાજ લેવું સહેલું નથી ભઈ.

સહેલું ઘણુ છુવવું આપ માટે,
જ્યત ડાજ મરવું સહેલું નથી ભઈ.

ભગતસિદ્ધ, આઝાદ, મંગલ કે મોહન,
સહીવું થવાનું સહેલું નથી ભઈ.

-ડૉ. બી. બી. સોનેજી, આચાર્ય

વાલસલ્ય
(અછાંદસ)

એક સ્વપ્ન કે જે
સોડાં વર્ષા પહેલાં મારે ઘરેથી
તુલસીનાં માંગર લઈ ગયેલા;
આજે તુલસીનું કુંડુ આપી ગયા.
મારે આંગણે જ જલેલી
ઝીણીઝીણી માંગર
ફર દેશની ત્રીટીમાં ઊછરીને
વાયુડ, નમારો ભેડ બની
એ જોઈ હૈયે કર્ષ ઊભરાયો
ને બસ એ જ ઘડીએ
મારો કોલ સપાડ્યો.
પસ્તેશ ભલવા ગયેલી ઠિંકરી
અરસા પછી
એતાં પાખાને ઘેર આવવાની છે.
-ડૉ. જય મહેતા, વ્યા. અંગ્રેજી

SOFT SKILLS – CONNECTING CLASSROOM TO CAREER

Dr. Peeena Thanky
Lecturer in English

What are soft Skills?

Moss and Tilly defined "Soft skills" as skills, abilities, and traits that pertain to personality, attitude, and behavior rather than to formal or technical knowledge".

Are soft skills important to engineers? Anecdotally, we have all heard of the extremely intelligent individual who lacks the ability to work on team assignments, communicate with clients, or maintain professionalism. Typically, this results in a lack of effectiveness and limits growth opportunities.

In fact, soft skills are as important as engineering skills. Many employers choose to hire skills rather than people. Employers want to select, retain and promote young individuals who are dependable, resourceful, ethical and good communicators who are willing to work under pressure.

Some important soft skills are:

- 1.Strong work ethics
- 2.Positive attitude
- 3.Good communication skills
- 4.Time management abilities
- 5.Problem-solving skills
- 6.Acting as a team player
- 7.Flexibility/adaptability
- 8.Working well under pressure
- 9.Interpersonal Relations & Self-confidence
- 10.Ability to accept and learn from criticism etc.

Understanding few of these in detail,

1. Good communication skills:

Strong communication skills are essential in the engineering and manufacturing field, as you may often need to explain technical information to a non-technical or "lay" audience.

2. Strong leadership:

The ability to truly inspire and instil confidence is at the heart of all good leadership. Some people have natural leadership abilities, but good management

skills can be sharpened with the right training and development.

3. Lateral thinking:

Whatever your particular job is, lateral thinking and problem-solving skills are always beneficial. Organisations will always appreciate someone who can keep creative solutions to complex business issues. A cool head in a crisis and find innovative

4. Influencing skills:

The ability to negotiate with people at all levels of the business, forge productive relationships, and persuasively present ideas and opinions are important attributes. Confident influencers and decision-makers are always in demand.

5. Adaptability

There is no shortage of challenges and issues that arise on any given workday. Having the ability to identify solutions to unforeseen problems requires being able to modify and adjust accordingly to the environment and situation.

6. Collaboration

Whether you call it cooperation, collaboration, or teamwork, an engineer's ability to work with other people from different backgrounds is essential.

Gone are the days when a Bachelor or Masters degree would act as a passport to a dream job for a young man or woman. Nowadays, employers want more from employees, particularly those that qualify as graduates. According to Debbie Hance of the Association of British psychologists, "There's a saying that hard skills will enable you to perform well in academia and in interviews, but soft skills will get you the job."

Soft skills are more like life skills so it is the right time to understand their value and acquire excellent soft skills.

આર.સી. ટેકનિકલ ઇન્સ્ટિટ્યૂટમાં ઓરીગામી વર્કશોપ

અમદાવાદની ડિપ્લોમા ઈજનેરી અભ્યાસની સંસ્થાના આર.સી. ટેકનિકલ ઇન્સ્ટિટ્યૂટમાં વિદ્યાર્થીનીઓ માટે જાપાનીઝ કલ્ચર સાથે સંકળાયેલા પેપર કાફ્ટ ટેકનિક આધારિત 'ઓરીગામી'નો એક દિવસીય વર્કશોપ યોજાયો હતો.

જેમાં વિદ્યાર્થીનીઓએ ડિઝાઇનર વેબવી ઠાકરના માર્ગદર્શન હેઠળ રંગબેરંગી પેપરનો ઉપયોગ કરી ફોલ્ડીંગ કાર્ડ, હેંગિંગ ફ્લાવર, ફ્લાવર સ્ટીક વગેરે આર્ટિકલ બનાવ્યા હતા.
